TAFT WITH LEADERS

Aldrich and MacVeagh Discuss Monetary System at Conference.

MAY CALL EXTRA SESSION

For Enactment of Changes in Monetary System in Fall of 1910—President Getting Ready for Trip South and West.

(By Wire to the Morning Star.)

Beverly, Mass., Aug. 26.—Continuing his series of conferences with party leaders and government officials before starting on his long trip to the West and South, President Taft had a two and a half hours' talk this afternoon with Senator Nelson W. Aldrich and Secretary of the Treasury MacVeaugh.

Senator Aldrich having just emerged from the long tariff fight is about to take up the important task of adjusting the monetary system of the country, and it was in connection with his work as chairman of the Monetary Commission that he was called in conference by the President today.

Mr. Taft was anxious to ascertain whether or not the Monetary Commission will be ready to report its recommendations this Winter.

It is understood that a definite answer was not given today.

There has been talk of calling Congress in extra session in the Fall of 1910 to begin consideration of legislation looking to the enactment of such changes in the monetary system as the commission may deem expedient.

Mr. Aldrich said after the conference today that matters had been discussed only in a general way.

Mr. Aldrich will sail for Europe Saturday and asked as to when the commission would be ready with its recommendations he sai dthe report was not in sight.

Mr. Aldrich would not discuss the subject of postal savings banks. It is not believed he is altogether opposed to the idea, but he frankly told the President at a former conference on the subject that he thought the question of establishing such banks should await the enactment of the monetary legislation.

The question of bond issues, authorized in the new tariff bill came up for consideration this afternoon. The Secretary of the Treasury was authorized by Congress to issue bonds for $40,000,000 to reimburse the general fund of the treasury for the Panama Canal purchase and also to issue bonds for the building of the canal up to the amount of the estimated cost, some $400,000,000. Senator Aldrica is in favor of withholding any bond issues for the time being in order that the Monetary Commission may have time to consider this subject specifically and possibly to arrange for the placing of a government loan, so far as funds may be immediately needed, in one lump sum.

Secretary MacVeagh said today that he had not progressed much further than when he last saw the President with reference to the selection of members of the new tariff board of commission which is to advise the President on all matters of the tariff and especially as to the application of the maximum and minimum principle.

CREMATED IN JAIL

Negro Held For Robbery Tried to Burn His Way Out of Prison.

(By Wire to the Morning Star.)

Junction City, Ga., Aug. 26.—An attempt, it is believed, to escape from the town jail, where he was being held on a charge of robbery by burning his way out, an unknown negro was cremated this morning when the jail burned.

OUTLINES.

On Wall Street yesterday stocks were slaughtered on account of disturbing rumors concerning the condition of E. H. Harriman, prices of the Harriman stock slumped from 3 5-8 to 7 1-2 points, and fortunes dwindled away——At Chautauqua, N. Y., yesterday G. Grosvenor Dawe, of Montgomery, Ala., delivered the notable address on "Conservation as a Principal," taking the ground that the preservation of the South's forest and water powers is for the benefit of the Nation——Hubert Latham, who made an unsuccessful attempt to cross the English channel in his monoplane, yesterday broke the world's distance record by going 90.80 miles at Rheims——The new Spanish artillery has wrought terrible havoc with the Moors on the Moroccan coast. The Moors have lost 1,000 men during the past three days and the Spanish 350——The argument in the Breese-Dickerson bank case in Aasheville will be concluded today and Judge Newman will deliver his charge to the jury this afternoon——New York markets: Money on call firm 2 1-4 to 2 1-2 per cent., ruling rate and closing bid 2 1-2 spot cotton quiet 12.85; flour easier with a fair local trade; wheat easy, No. 2 red 1.06 3-4 elevator, No. 2 red 1.09 1-2 f. o. b. afloat; corn steady, No. 2 80 1-2 nominal elevator and 81 delivered nominal old; oats weak, mixed new 40 nominal; turpentine and rosin quiet.

CONSERVATION IN THE SOUTH

Notable Chautauqua Address by G. Grosvenor Dawe—Preservation of South's Forests and Water-Powers Benefits of Nation.

(By Wire to the Morning Star.)

Chautauqua, N. Y., Aug. 26.—G. Grosvenor Dawe, of Montgomery, Ala., managing director of the Southern Commercial Congress, was one of the speakers at the exercises held here today. This was known as "Conservation Day," the exercisers and speeches all dealing with that topic. Mr. Dawe spoke on "Conservation as a Principle."

"This is not a question to be settled one way or the other by struggles within the Departments at Washington," he said. "The question is one of national sanity and perpetuation, in which there should be neither North nor South, East nor West. It, therefore, lies at every man's door for his individual decision. Shall this generation eat its fill from the bowl of nature's bounty and then smash the bowl so that none who come after may prosper as we are prospering." "The interest of the South in this question is intense, as it holds the greatest share of resources that can give out their benefits through all the ages to come. Because of this preponderating interest there will come from the South into this national question much of a statesmanlike affirmation regarding water-power rights, forest preservation and soil protection. Yet these contributions of thought and of legal enactment will not be brought forth for the benefit of the South alone but for the benefit of the Nation of which the South is an integral part.

"We are in truth the heirs of the ages' but we are more than that. We are the ancestors of the ages to come. The thought of conservation is to lift us out of the self-glorification that makes us forget that we are merely one of a long series of lives, ours being important only to the extent with which it appreciates the past, uses the present and passes life and opportunity to the future."

Regarding water-powers, Mr. Dawes said: "The harnessing of water-powers is urgently important. The prompt use of water power will indefinitely extend the life of our coal beds. This calls for a new body of provisionary legislation, rendering aid to the development of water-powers but making their permanent alienation impossible. The phenomenon of speculative ownership should not place upon the race through all its unborn generations, a burden of debt to the man who speculates, admirable though his business enterprise may have been during his temporary presence on earth."

ARRESTED FOR KIDNAPPING

Itinerant Peddler and White Boy Arrested in Fayetteville Yesterday.

(Special Star Telegram.)

Fayetteville, N. C., Aug. 26.—Frank Dalton a one legged white man was arrested here today and lodged in jail for the alleged enticement from his home in Staunton, Va., of Rolando Blackburn, a white lad 16 years old. Chief of Police Monaghan this morning received a letter from Blackburn's mother in Staunton giving a minute description of Blackburn enclosing his photo and stating she had been informed that he or Dalton would call at the postoffice for a letter and asking that the boy be taken into custody. Blackburn called for the letter, the postmaster notified the police and he was carried to police headquarters. Dalton the one-legged man was arrested on the streets peddling pencils. Both parties are in separate cells in jail. They both state that Dalton did not entice Blackburn from home, but that Blackburn joined him at Lynchburg, Blackburn adding that he left home because his parents threatened to send him to a house of correction.

BOLT KILLS BASEBALL PLAYER.

Negro Second Baseman Struck by Lightning—Panic Among Spectators.

(By Wire to the Morning Star.)

Atlantic City, N. J., Aug. 26.——In full view of nearly one thousand persons William Bedford, of Cairo, Ills., negro second baseman of the Cuban Giants baseball team, was instantly killed by lightning this afternoon while practicing before the game with Atlantic City at Inlet Park. The bolt struck the ground close to the players and ran through the spikes in his shoes into his body.

Although dead when picked up Bedford's body carries no burns nor other marks of the lightning. Walter Gordon, shortstop of the team, and Charles Follies, catcher, were close by and were knocked down by the shock without being injured.

The spectators sitting in the stands felt the force of the shock and were thrown into a panic.

There was no stampede, however, and no one was injured. Bedford left a family.

Attention is called to an advertisement in this morning's paper for the return of a crescent pin, two inches long, set with diamonds, attached to velvet bow, lost at Lumina last night. To the young man who found it, showing same to various parties, a liberal reward will be paid by returning same to the Star office immediately. **

SLUMP IN STOCKS

Harriman's Illness Caused Convulsive Market on Wall Street.

FORTUNES RAPIDLY AWAY

Prices of Harriman and Allied Stocks Slaughtered—Magnate Isolated and Armed Guards Patrol His Estate—Absolute solitude.

(By Wire to the Morning Star.)

Arden, N. Y., Aug. 26.—Whatever the actual prognosis for Mr. Harriman's recovery, it is evident that his family has determined that he shall make no further sacrifices of vitality in the effort to reassure the public and buoy up the stock market. No armed guards patrol his estate, but for all effective purposes of human intercourse his isolation on his mountain top is as absolute as any devised for an eastern potentate. Except the selected few of his own immediate entourage, not a soul sees him and no word from the outer world reaches to his chambered solitude. His "rest cure" is absolute.

Dr. Lyle, the family physician, bridged the gap today with a brief account of his distinguished patient's progress. Mr. Harriman, he said, had been confined to the house for the day by the rains that shrouded all the Ramapoe mountain, but his eager, inquisitive mind had been busy with the construction work still in progress on his new home. And there Dr. Lyle laughed.

"If a certain physician would permit," he said, "Mr. Harriman would be out on the job today, bossing the finishing touches on the inclined railway himself. Mr. Harriman passed a good night and ate a hearty breakfast at 10 o'clock this morning. There is nothing he needs more than absolute rest."

Judge Robert S. Lovett, who has been mentioned as Mr. Harriman's possible successor, came to Arden this afternoon for another conference. Judge Lovett refused to discuss the purpose of his frequent visit. It is thought, however, that with his first lieutenant so often at his elbow Mr. Harriman cannot be wholly out of touch with the market or completely free from business cares.

All the Harriman children are now here. Walter Averill Harriman, the eldest son and last to arrive, stepped off a train from Chicago today and was whirled away by one of his sisters in an automobile.

"I am not a public man yet," he said, in declining an interview. As chairman of a surveying gang on one of his father's lines, young Harriman has begun to learn railroading from the bottom up.

Charles T. Ford, superintendent of the estate, came down the mountain by the funicular tonight.

"I just left Mr. Harriman sitting on the veranda," he said. "We greatly enjoyed the sweeping view of the valley below, and the fresh evening air, after the rain. In fact Mr. Harriman looked better and brisker to me than at any time I have seen him since his return.

Stock Prices Slaughtered.

New York, Aug. 26.—The state of Mr. Harriman's health continued to be the principal topic of interest to Wall Street today. There was little or no definite news to be had, and in its absence pessimistic rumors of varied character held the fort and sent the Harriman and allied stocks spinning downward. The slaughter of prices was attended by the usual list of "dead" and "wounded" on the speculative field. At the close of the day's business, which aggregated more than 1,200,000 shares, many "pyramided" accounts had evaporated into thin air, and the clerical forces of most brokerage houses were kept working long into the night issuing calls for additional margins.

Since early in July it has been a Harriman or "one man" market, although his friends and associates have frequently declared that the recent rise in Union and Southern Pacific was without his consent or connivance. Today's pessimistic gossip, therefore, quickly acquired a strength sufficient to give the entire market a convulsive downward movement.

The day's losses in the general list ranged from 7 1-2 points in Union Pacific to four points in the preferred, 5 7-8 in Southern Pacific, 4 1-8 in Readang, 3 5-8 in New York Central and 2 5-8 in United States Steel.

CAROLINA VETERANS IN PARADE

March Featured the Reunion in Charlotte—1,085 Veterans.

(By Wire to the Morning Star.)

Charlotte, N. C., Aug. 26—The greatest event of the North Carolina Confederate Veterans reunion in this city today was the parade through the streets of the city in which 1,085 Veterans took part. The parade was led by General Carr. Three battle flags were displayed, the 48th, 39th and 29th North Carolina flags which were literally torn to pieces by musket and cannon balls. One of them was in over 40 engagements in Northern Virginia. A reception and barbecue and numerous entertainments were tendered Veterans during this last day of the reunion.

MOORS MET DEFEAT

New Spanish Artillery Killed 1,000 Men on Moroccan Coast.

THREE VILLAGES DESTROYED

Deserter Declares That Spanish Prisoners Have Been Horrible Tortured and Mutilated—Insufficient Water For Soldiers.

(By Cable to the Morning Star.)

Lisbon, Aug. 26.—Special dispatches received here from Melilla, Morocco say the fighting is general on the Moroccan coast. The new Spanish artillery has wrought terrible havoc among the Moors, who have lost 1,000 men in the last three days. The Spanish casualties amount to 350.

A Spanish column has destroyed three villages near Restinga. A Moorish deserter who has come into the Spanish lines declares that Spanish prisoners after being horribly tortured and mutilated are decapitated and their dead bodies flung into a hole on Mount Guruga.

This hole is a mass of decomposing corpses. Estimates place the number of Spanish prisoners at 1,000. The water being doled out to the Spanish troops is insufficient. The officers buy mineral waters, but this the men cannot afford to do, and driven by their overwhelming thirst they have drunken from stagnant pools.

Many cases of poisoning have resulted. Already 53 men have died from this cause and 170 have been sent to hospitals.

SERVE TERMS FOR PEONAGE.

Taft Commuted Sentences of Prominent Lumbermen to Six Months.

(By Wire to The Morning Star.)

Pensacola, Fla., Aug. 26.—The action taken by President Taft in commuting to six months each the terms of imprisonment imposed upon W. S. Harlan, manager of the Jackson Lumber Company, S. E. Higgins and C. C. Hilton, of the company, who were convicted in the Federal court here three years ago on charges of conspiracy to commit peonage, was tonight communicated by Attorney General Wickersham to Assistant Attorney General Reese, of this city.

It is reported that the United States marshal will leave for the Atlanta Federal prison Monday with the three prisoners named, as well as Dr. Grace and C. Gallagher, two other officers of the lumber company who were convicted at the same time and whose sentences as imposed by the court were not lessened by executive action.

Harlan is one of the wealthiest and most prominent lumbermen in the South and is a nephew of United States Supreme Court Justice Harlan.

The sentences imposed by the trial court were as follows: Harlan, 18 months at hard labor and $500 fine; Gallagher, 15 months at hard labor and $1,000 fine; Huggins, Milton and Grace, 13 months at hard labor and $1,000.

ELECTRIC HEADLIGHT ACT.

Commission Refuses to Exempt Railroads From Operation of Law.

(Special Star Telegram.)

Raleigh, N. C., Aug. 26.—The North Carolina Corporation Commission dismisses the petitions of the Atlantic Coast Line, Seaboard Air Line, Southern and Norfolk and Southern for various exceptions from the operation of the act of the last Legislature requiring electric or power headlights on locomotives of both passenger and freight trains, the act requiring that one-fourth of the locomotives in use shall be equipped each year until all have these headlights. The Norfolk and Southern and the Atlantic Coast Line contend that these power lights are neither necessary or advisable on their roads in this State. The Seaboard Air Line asks exemption for a number of trains and certain lines. The Southern had the plea that while the act was unneecssary the Southern should be exempt until 1910 from buying additional electric headlights because more than 25 per cent. of its locomotives are already so equipped. As to this, however, the Commission holds that the act requires 25 per cent. of those not equipped at the time the act passed, so the Southern must invest in more of these lights.

DROUGHT IN ANDERSON

Dry Spell Is Affecting the Cotton Crop in That County.

(By Wire to the Morning Star.)

Anderson, S. C., Aug. 26.—A severe drought which set in five days ago, is causing cotton to rust and leaves are are dropping off rapidly. Forty thousand bales are produced in Anderson county annually and leading farmers announce that the crop is now being damaged at the rate of from 50,000 to 70,000 daily.

Unless rain falls within the next few days the hopes of the farmers in this section for a near-average crop will be blasted.

LATHAM MAKES RECORD IN AIR

French Aviator Took Revenge For "Hard Luck" and Makes Distance Flight of Over 90 Miles. Record Made in Storm.

(By Cable to the Morning Star.)

Betheny, Aviation Field, Rheims, Aug. 26.—Hubert Latham, the French aviator, today took glorious revenge of the hard luck which he experienced in his recent attempts to cross the English channel and his indefatigable but hitherto unsuccessful efforts to accomplish some notable achievement during the present meeting, by establishing a new world's record for distance 154 kilometers, 650 metres, or 95.88 miles.

Latham covered fifteen laps, or 150 kilometers in two hours, 13 minutes, 9 seconds, and the full distance in two hours, 18 minutes, 9 3-5 seconds which also are world's records, the flight being at the rate of about 68 1-2 kilometres an hour, as compared with 53 1-2 made by Wright at LeMans, and a fraction under 50 made by Paulhan yesterday.

Except for the one lap speed records made by Bleriot and Curtiss this week and Paulhan's time record in the air, Latham now holds every record for distance and speed. Like Paulhan he descended only when the gasoline tank was emptied.

Nothing could have exceeded the beauty and impressiveness of the prolonged flight. On grace of lines no other aeroplane here compares with Latham's monoplane. The slightly tilted planes from the long skiff-like body give it resemblance, when close, to a winged canoe, while sailing high up in the air it looks from the distance like a mammoth dragon fly. For an hour with fluttering wings, like a living thing, it fought its way against the storm of rain and wind at an average height of 150 feet, mounting higher as the wind rose, until during the worst of the storm it was up fully 300 feet. The contention of the advocates of the bi-plane that the mono-plane would be unable to live in a strong breeze has been amply refuted.

BREESE TRIAL IN ASHEVILLE

Argument Will be Concluded Today. Judge Newman Will Charge Jury.

(By Wire to the Morning Star.)

Asheville, N. C., Aug. 26.—In the Breese-Dickerson trial today Assistant District Attorney Coble concluded his argument and was followed by defendants counsel John S. Adams, Locke Craig and Judge Charles A. Moore.

Judge Moore will resume his argument tomorrow and District Attorney Holton conclude the argument. Judge Newman will probably charge the jury and the case go to them tomorrow afternoon.

Possibly the most essential position taken by defendants counsel in argument today was that if there was any conspiracy to defraud the bank it must have been formed in 1890 or 1891 and it was argued from this that such could not be the case since at that time defendants had ample property and their large borrowings were then approved by boards of directors embraced, many interests.

An announcement of interest was made by Judge Newman when Judge Moore said that he maintained that though Penland was not on trial it would be necessary to conclude that the jury find that all three defendants conspired. Judge Newman said that he would rule to the contrary and a subsequent remark indicated that he meant that it need be proved that only two of the three men indicted conspired as charged.

VIOLENT OUTBREAK CHOLERA.

Diseases Spreaded Rapidly at Vitebak—42 Deaths in Week.

(By Cable to the Morning Star.)

St. Petersburg, Aug. 26.—A violent outbreak of Asiatic cholera has occurred at Vitebak which is the capital of the government of that name, situated on both sides of the Duna. The outbreak exceeds in intensity that in St. Petersburg, there being 26 cases and six deaths today and 114 cases and 42 deaths in the past week.

Roterdam, Aug. 26.—At today's sitting of the municipal council the Burgomaster announced that there had been four deaths from cholera, and that out of nine suspected cases now in the isolation sheds, three had been found to be infected with cholera baccillus.

No further fresh cases were reported today. The general opinion is that the disease was brought to this port from St. Petersburg.

PITTSBURG LEADS TWO LEAGUES

Ahead of the National and American Teams in Hits and Runs.

(By Wire to the Morning Star.)

Pittsburg, Aug. 26.—Interesting baseball figures made public here tonight by the statistician of the Pittsburg baseball club show that the Pittsburg team to date leads both major leagues in the number of hits and runs secured, being the first club to get 1,000 hits and the first to make more than 500 runs. Pittsburg has 1,001 hits and 511 runs to her credit.

Pittsburg and New York of the National League are tied for first place in the number of home runs made this season, both teams having knocked 20, this being the record in both major leagues.

Tommy Leech, in the Pittsburg club, is the champion run getter in the major leagues, having made 94.

"Hope deferred maketh the heart sick."

And "of all sad words of tongue or pen," or remarks to that effect. Whereas Wilmington had a look-in for the triangle on yesterday prior to the seventh inning with Raleigh, she now has only a wink at the rag and that vision is liable to be blurred before the end of the week.

With the game sewed up in the fourth inning on a neat single by Guerrant, a sacrifice by Smith, a stolen base and a bingle by Brodie, netting one run, the team went to pieces in the seventh and four errors and a couple of hits netted the Red Birds a quarette of runs by which the game was won. With the exception of this inning the game was as pretty as was ever witnessed here. Big Brandon was on the slab for the Birds and although he was touched up for more hits than were gleaned off Rube Howard, the errors in the seventh did the work and thereby hangs the tale. In the first inning both teams were up and down in order, Hart second to first, Crozier on fly to first and Hoover second to first while Nichols was out third to first, Guerrant and Smith by the ozone route.

Haas started the second with a single for Raleigh through short and was sacrificed by Erwin, pilfering third, but Thumb was fanning and Brumfield was out third to first. For Wilmington Brodie flew to second, Brennan was out third to first; Sharpe drew a constitutional but Kite flew to left.

In the third Rowe fanned, Brandon lined out to Brennan; Hart walked but Crozier forced him at second. For Wilmington Jayes and Nichols fanned while Howard was out second to first.

Hoover flew to Jayes in the fourth, Haas walked but was caught at second and Irwin fanned. Guerrant singled, first up, to right; Smith passed him along to second and third and he scored on Brodie's bingle to centre; Brodie later stole second but was caught at third.

Both were up and down in the fifth. Thumb on fly to first. Rowe to second while Brumfield fanned. Sharp was out pitcher to first; Kite flew to short and Jayes fanned.

Brandon started the sixth with a bingle to right and Hart made a nice sacrifice, but Crozier hit to pitcher and Brandon was caught between second and third. Crozier, however, going to second; Hoover flew to Brodie on a beautiful one-hand catch in right garden. For Wilmington, Howard led off with a long single to centre and was sacrificed by Nichols. Guerrant singled but Howard was hit by fairly batted ball; Smith up and Guerrant stole second but Smith flew to centre.

In the seventh Haas was safe on the second error made by Brennan this season and the only one ever made on the home grounds; Irwin singled past short; Thumb bunted to pitcher and the bases were filled on Howard's high throw to Guerrant to Haas; Brumfield then hit to Guerrant and on the latter's bad throw home, Haas and Irwin scored; Rowe hit to second and Thumb was caught at the plate; Rowe stole second and Brandon hit one to right and on Smith's error in fielding, Brumfield and Rowe crossed the rubber; Hart was out pitcher to first and Crozier flew to Jayes. For Wilmington Brodie flew to centre, Brennan to left; Sharp singled over second, but Kite forced Sharp short to second.

In the eighth Hoover was out pitcher to first; Haas flew to centre; Irwin singled to left but was caught between first and second. For Wilmington Jayes flew to third, Howard fouled out to first and Nichols to Rowe.

In the ninth Thumb fanned, Brumfield was out short to first and Rowe fouled to Nichols. Guerrant flew to third, Smith to centre and Brodie was out second to first.

DEAD-HEAD CATTLE.

The sentiment seems to be unanimous for good roads but a whole lot of good people are still living so far in the past that they think they can get along without the no fence law. We wouldn't give you the milk and butter in one township in Mecklenburg county for all the shaggy-haired, aligator-backed cows that roam around in four counties that persistently cling to the idea that it is the best to have a few tick-covered, scrawny and leather-fleshed cows beating their way through the tall timber.

If some people in Eastern North Carolina and in benighted sections of South Carolina could realize how ridiculous it is to hold out against the well and truly tried no-stock law they would drive in their bovines and try to catch up with people who drink Jersey milk and eat yellow butter.

There is an old saying that "a bird in hand is worth two in the bush," but a cow in a pea patch or a field of vetch or clover is worth more than a herd of cattle in the bush.

About ten days ago two gentlemen from New Jersey came down into this country to look for timber lands. They visited a portion of Pender county, where they do not have the no-fence law. They stopped with a farmer and expected to get plenty of nice milk and butter, but to their amazement the family told them that while they had 15 cows they were in the swamps and they did not know where they were.

The visitors concluded that farmer was a hundred years behind the times and several North Carolinans attemped to apologize for him, but the more apologies made the worse the case appeared. The fact that the farmer had 15 cows and made no effort to get the milk and butter from them, either for his family or for sale in order to get some value out of the cattle, made any excuse simply ridiculous.

One good cow where she could graze, be fed, and milked, would produce enough to buy the 15 roamers, and farmers who have tried it will tell the other kind how to do it if they want to get out of a rut that was made about the time Noah and his family landed from the ark and turned the animals loose in the woods.

The fact is, cows that are allowed to run at large are a nuisance to people and are just that much dead-head cattle.

YOUNG MEN IN JOURNALISM.

The Star heartily commends the proposition of the Raleigh Evening Times to encourage students at college to undertake newspaper work. The Times believes that the young men of North Carolina furnish fine material for newspaper men, and as a matter of fact The Star can point to quite a number of students who began as college correspondents and drifted into journalism, both to better and adorn the profession.

Believing that to encourage the school boys in undertaking newspaper work will be a good thing for the State as well as open up a useful career for young men, the Evening Times will give a gold medal on the 1st of July each year to the college boy who writes the best article that is accepted and printed by a daily paper in the State of North Carolina during that year. The student must attend some school in North Carolina and the article must be on some live topic or be a plain news item such as will be accepted by a daily newspaper.

Our esteemed Raleigh contemporary is unselfish and generous enough to announce that "the article can be published in The Evening Times, or any other daily newspaper in the State." Three judges will be selected to pass on the articles, and the award is to be known as "The Evening Times Medal for Practical Journalism."

The plan is most commendable and practical, and The Star has no doubt that it will set aglow the genius in many a young man who will do himself credit and honor his State.

POLITICS AND BUSINESS WON'T MIX.

Uncle Sam runs the postal business of this country at an annual loss of $1,500,000. The consumers of stamps and patrons of the other mail facilities pay all the expenses and the people have to make up the deficit. While Uncle Sam maks a pretty good job of looking after our mail he is awfully extravagant. Probably if the officials of the Post Office Department were to overlook politics and conduct it like any other business proposition, it could at least be made to pay expenses. If private individuals were running the mail business of the country and fell behind to the tune of $1,500,000 every year, they would be in the hands of a receiver in short order.

People who have advocated government ownership and conduct of utilities and other kinds of business, and who have pointed to the Government's more or less excellent conduct of the postal business, must admit that as a business proposition it fails to constitute an argument. South Carolina's socialistic attempt to conduct the rum traffic, which resulted in corruption and failure and which has finally been rejected by the people in 37 out of 42 counties, is also another experiment which proves that politics and business won't mix.

"When is a man drunk?" inquires the Raleigh News and Observer. Well, from Heresay Evidence, we should answer that it is when he begins to spit cotton, feel big and rich with only 30 cents in assets, and finally doesn't know the difference between a hair mattress and a friendly clump of grass under the shade of the trees.

A young man in Illinois has been sent to prison for stealing a watermelon. You'll never catch us settling in a State where they make no allowance for the preponderance of temptation over the evidence merely showing that a poor fellow wanted a watermelon and simply took it while nobody was watching.

The weekly Clinton News-Dispatch which is a sprightly Republican paper, blames the low price of tobacco on the Democratic party. The farmer who sells his tobacco at the low price fixed by the tobacco trust, which was built up under a long reign of Republicanism, will give the News-Dispatch credit for being a humorist.

After having carefully observed the recent course of the esteemed Raleigh News and Observer, we have come to the conclusion that it isn't one of the consumers of the weed but has tobacco to sell for all it can get in a market that must always be "higher up."

Some papers of both parties published in small towns pay too much attention to politics when politics are not ripe. Politics cut no ice in building up a town. The force behind industrial growth is hearty co-operation of the citizens of all parties till election times.

At Patterson, N. J., a physician removed 16 pins from the arm of Miss Adelina Wyckoff, eighteeen years old, who has no recollection of how the pins got there. Wonder how many fellows have been stuck on that girl?

A New York man left $500 to provide a banquet with liquid refreshments" for those who attended his funeral. That man surely wanted to establish a precedent for making funerals enjoyable.

If Magnate Harriman would get well and stay well, he would be the very kind of man which Wall street would like to have as President of the United States.

Some people may believe that "opportunity makes the man" but in the first place the man has to be able to seize the opportunity.

CURRENT COMMENT.

—They say that down Alabama they have got a prohibition law that is the real thing. It makes the North Carolina law look like thirty cents. But the North Carolina law makes it a little hard on some of our prohibition friends to get booze every time they want it.—Clinton News-Dispatch.

—Fifteen millions of dollars have thus far been spent to make a fairy palace home for President Duke of the American Tobacco Trust. The tobacco farmer whose crops do not pay expenses have contributed heavily to construct it. Millions for trust profits and not a cent profit for producers. The people should change this.—Raleigh News and Observer.

—We feel no small interest in the estimate, made by Adjutant General Henry A. London to an Observer reporter, that there are some twenty thousand Confederate veterans in North Carolina, and, on this basis—North Carolina having furnished one-fifth of all the Confederate forces—about one hundred thousand surviving Confederates in all.—Charlotte Observer.

—In our national politics there is a demand for able men, but, apparently, they must be subservient. The Websters, Clays and Calhouns are no longer visible in the United States Senate. This fact has led that great editor, Henry Waterson, to say that "The really great men of the time are not in office. They can ill afford to be. The idiosyncracy of the national aspiration is money, and most of our great men are fortune-building. Aldrich is merely an attorney for the millionaires. The others are merely sub-attorneys of Aldrich."—Winston-Salem Sentinel.

—Hon. George E. Hood, of Goldsboro, has announced his candidacy for Congress in this the Third Congressional district. He is the third candidate that has announced himself, but the woods are full of them. With the election more than a year off, there is plenty of time for those who are a little modest and are waiting for their friends to urge them. But it will all amount to nothing as the last mother's son of them will withdraw before the convention and let Charlie Thomas get the nomination without opposition. The Democrats can't get rid of Thomas. If he is defeated some Republican will have to do it, it is certain that no Democrat in the district can defeat him in the convention.—Clinton News-Dispatch (Rep.)

—Statesville, N. C., Aug. 25.—C. C. Folsom, of Asheville, an engineer of the Southern, was badly hurt on the Statesville yard this afternoon about 5:52 p. m. He had just left his engine and in attempting to board the engine of a freight, which was slowly backing into a siding(was knocked from the cab by the water standpipe, and falling under the cylinder of the locomotive was dragged a few feet before it could be stopped. Fortune was with him and he did not roll under the wheels. When picked up he was unconscious and it was found that he had sustained an ugly wound about the face and head and was slightly bruised about the body. Theer are two severe scalp wounds. He regained consciousness as soon as his injuries had been bathed by his fellow trainment, and when the physicians arived he was able to be taken to the Billingsby Hospital, where he is now under treatment. While painful, the injuries are not considered necessarily dangerous.

—Winston-Salem, Aug. 25—A freight wreck containing many elements of the miraculous, ocurred at 11 o'clock today when two engines and ten cars of a doubleheader, No. 86, were derailed on the Charlotte division of the Southern Railway, in the western part of the city. A car containing 29 horses turned completely over and hung suspended on a 35-foot embankment, and was prevented from falling to the foot of the embankment by a very narow iron rod which was fastened to the trucks of the car. Strange to say, just two of the horses were injured. One sustained a broken leg. Engineers Moser and Hopkins jumped and rolled down a 35-foot embankment and escaped without injury, save a few slight scratches. An unknown white hobo, who was standing on the front of one of the coal cars, also jumped when the car turned over and rolled down the embankment and was uninjured. The track will not be cleared before tomorrow.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVENA SPERLING, 11 Langdon Street, Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Big Newbern Excursion. Of Course You Are Going. Else You Will be Mighty Sorry.

Have you made up your mind to take in that delightful trip to Newbern on Labor Day, September 6th, via the fast and famous Atlantic Coast Line. If so, remember that the train will leave the Union Station at 7:30 A. M. and in view of the fact that there will be a tremendous crowd it will be necessary to be on hand early. Don't wait until the train is ready to start, but get there in time for a seat. There will be no crowding as the management will allow only a certain number on board and all who are successful in getting on will have the pleasure of enjoying a comfortable ride, which will not be characterized by jostling and crowding. The fare for this great trip is only $1.50. Get there early and side-step the rush and you will have the pleasure of enjoying one of the finest excursions ever run out of Wilmington. Train will leave Newbern on the return trip at 10:00 o'clock at night. There will be separate cars for white and colored passengers.

Birds and Their Baths.

Naturalists tell us that in making their toilets some birds use water only, some water and dust, while others prefer dust and no water. Birds are not only nice in the choice of bath water, but also very particular about the quality of their toilet dust.

Wild ducks, though feeding by salt water, prefer to bathe in fresh water pools and will fly long distances inland to running brooks and ponds, where they preen and dress their feathers in the early hours of the morning. Sparrows bathe often, both in water and in dust. They are not so particular about the quality of water as about the quantity of the dust. The city sparrow must take a water bath where he can get it. Road dust, the driest and finest possible, suits him best. Partridges prefer dry loam. They like to scratch out the soil from under the grass and fill their feathers with cool earth.

Most birds are fond of ashes. Take a walk some early morning across a field where bonfires have burned and see the numbers of winged creatures that rise suddenly from the ash heaps. A darting form, a small cloud of ashes, and the bathers disappear.

Get the Best.

An American motto which particularly commended itself to the late Dr. Edward Everett Hale was, "Get the best!" He tried hard to get some western state to adopt this for its state seal. He also vainly endeavored to discover the original inventor of the pithy phrase. It appeared upon the volumes of Webster's Dictionary as "a sort of trademark," but Dr. Hale found it first in one of Lowell's pleasant letters describing a canoe voyage in Maine. Lowell, however, when appealed to by Dr. Hale, could not remember whether he had picked it up in conversation or invented it himself. "For myself," added Dr. Hale wistfully, "I like to associate it with him."

Drawbridge and Moat.

At Helmingham Hall, in Suffolk county, in England, the drawbridge is always raised every night over the historic moat, which is more than seven hundred years old. The moat is not dry like so many of ancient date, but is filled to the brim. This is the only English castle where the historic right of raising the drawbridge has come down from the days of chivalry.

The Crime Of Idleness.

Idleness means trouble for any one. Its the same with a lazy liver. It causes constipation, headache, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c at R. R. Bellamy.

—Washington, N. C., Aug. 25.—A large delegation of citizens from this city left this morning at 4 o'clock for Swan Quarter to be present when the Governor and Council of State are making their investigations in Hyde county and discussing the advisability of continuing the Mattamuskeet Railroad that the State is now building between Fairfield, Hyde county, and Belhaven, on from Belhaven to this city instead of stopping this road at the town of Belhaven. The continuation of this road on to Washing and making this city its terminal means much to Washington and her various commercial interests and every pressure will be brought to bear on the State officials and every inducement offered by our citizens to get this road. The delegation will all wear silk badges with appropriate mottoes and expect to distribute them among the citizens of Swan Quater. Washington is making a strong effort to get this road, as it means a great deal both to this city and Hyde county, as it will open up one of the richest and most fertile sections of the State and give it easy access to the Northern markets.

STATEMENT—The above prices are made to induce CASH SALES, and nothing will be charged at these prices. Please do not ask it. Goods can be bought on regular time contract at small advance in prices quoted, but MUCH BELOW the REGULAR PRICES. The goods offered at this sale are not old, shop-worn, back-number, out-of-date junk, but bright, new, fresh stock, put in since our sale in January. We have more goods than we can advertise or display at one time, therefore watch the papers for further announcements.

HOW IT IS DONE: Some will wonder how we can sell good goods for so little money. Others will say flatly: "It can't be done." All who come to the store will have it proven to their satisfaction that we CAN and WILL. It is done in this way: Our buyer attended the large Furniture Exposition in New York. At the close, the samples were sold at greatly reduced prices. He was there with the money and bought the goods, and is now offering many of them below factory price. In addition to the line of samples, we have a number of other bargains, secured by buying the entire lots of certain patterns and paying cash—good buying by an experienced, competent buyer with the ready cash. The person who fails to get some of these values we offer in this sale will be the loser.

DELIGHTFUL PILGRIMAGE

Party From Carolina Beach Had Interesting Trip to Sedgeley Abbey.

A party composed of Mr. and Mrs. L. H. Skinner, Mrs. Cuthbert Martin, Captain and Mrs. John W. Harper, Mr. Evander Toomer and daughters, the Misses Toomer and about forty others who are very pleasantly sojourning at Carolina Beach yesterday enjoyed a delightful pilgrimage to Sedgeley Abbey, an historic spot of the lower Cape Fear, about which the people of the community are conversant through the delightful little volume by Mr. James Sprunt, entitled "Tales and Traditions of the Lower Cape Fear." Few people were conversant with the history of this lovely spot until Mr. Sprunt gave in his interesting volume the correct historical data of Sedgley Abbey as well as many other places which but for him would have been obliterated by the passage of the ages. Several pieces of ancient crockery were found by the party and are now on exhibition at the steamer Wilmington's wharf. The day was one of rare interest and pleasure by all who were so fortunate as to be included in the party.

Juniors Won from Boys.

In a game of indoor baseball in the gymnasium of the Y. M. C. A. last evening, which was witnessed by quite a crowd, a team from the Junior Department won over the boys team by a score of 4 to 3. This is the first of a series of games between these two teams, which are proving so popular at the Association this Summer.

—Deeds were filed for record yesterday as follows: Daniel O'Connor and wife to Susan Brown, for $650, lot on northeast corner Taylor and MacRae streets, 60x75 feet in size; Margaret Walker to Allen E. Jackson, $10 and other considerations, lot on Seventh street, 41 1-2x66 feet in size.

—Yesterday afternoon's Fayetteville Observer says: "There was 3 feet of water in the Cape Fear at 8 o'clock this morning. The City of Fayetteville, which was due here from Wilmington last night, had not arrived at 1 o'clock this afternoon. It is thought that she is stuck on a sand bar between here and Elizabethtown."

"THE SMART SET" LAST NIGHT

Splendid Colored Organization Opens Theatrical Season.

The Wilmington theatrical season was opened last night by a splendid organization of colored performers presenting "The Smart Set." There was a large house, composed principally of colored people, and the show came up to the highest expectations of the audience and was thoroughly enjoyed. The work of the star, S. Tutt Whitney, in the new vehicle, "George Washington Bullion," was of a very high order and that of Daisy as Mrs. Dewar, a society leader, was also all that could be expeted. All the other parts were well taken.

The improvements on the interior of the playhouse have not been completed, but temporary arrangements were made for the performance last night. The grand and formal opening of transformed theatre will occur on September 4th when "The Wolf" will be presented.

Flag Dance Well Attended.

The flag dance at Lumina last night was attended by a crowd estimated at 1,000, and the event proved thoroughly enjoyable in every respect. There were a large number of dancers and the souvenirs given out were very attractive. The event last night was a repetition of the flag dance given some weeks ago, only on a more elaborate scale, considerably more flags being used in the decorations. It is announced that the decorations will remain up for the entertainment to be given at Lumina tonight under the auspices of the Daughters of the Confederacy.

Mayor MacRae May Attend.

Mayor Walter G. MacRae has received from Mayor Thomas Wheeler, of Utica, N. Y., a most cordial invitation to attend the reunion of the Blue and Gray in that city September 7th, 8th and 9th. The invitation also includes other officials of the city. The people of Utica would be glad to entertain any of the city officials and others who go to attend the big event. Mayor MacRae stated that he had not decided yet, but that he migh attend.

Lyon Swamp Drainage.

Collector of Customs B. F. Keith and Engineer Raymond Humphreys will leave on the A. & Y. train today for Lyon's Swamp, in Pender county, where they will join Mr. Phillips, an engineer of the Drainage Department of the United States Government, and together they will complete the survy for the extensive drainage soon to be undertaken by the Lyon Swamp Drainage Co., in that section.

Alleged Bigamist Was Here.

It was stated last night that Mrs. C. R. Tinsley, wanted in Sumter, S. C., for bigamy, was here yesterday, but left on one of the night trains, destination unknown. The police received word yesterday that the woman was wanted in the South Carolina town and that it was believed that she had come to Wilmington. The officers here were asked to make a search for her and arrest if found.

A River Trip This Evening.

A most plesant and interesting river trip and one of the last of these delightful outings of the season will be run this evening on the steamer Wilmington under the auspices of the Epworth League of Grace M. E. Church. The boat will leave at 8 o'clock and will reach the city on the return at 10:30 o'clock. Refreshments will be served and the public is invited.

At the Bijou Today.

The titles of the pictures at the Bijou today are "Charity Rewarded" and "Satan's Smithy," both of which are said to be exceptionally good and will doubtless be witnessed by large audiences. The patronage at the popular amusement resort, which has been very large throughout the Summer, is now on the increase and hundreds throng the theatre each day.

THIN FOLKS MADE PLUMP.

Samose Ideal Flesh Builder Says Druggist.

Thin people are simply suffering from want of nourishment!

If you are thin, it is because the food you eat is not assimilated and passes through the system without building up the flesh and tissues as it should.

You can readily get plump and rosy by using Samose, a tissue forming food, which when taken with the meals, immediately becomes a flesh building and life-giving element in the blood.

Use Samose for a few days and increase of life, vigor and weight is felt and you will notice yourself getting plump and rosy.

Samose builds up the system, puts flesh on the bones, brings back the glow of health to the pallid cheek and removes the tired and languid feeling which is the result of exhaustion and low vitality.

J. Hicks Bunting Drug Co., introducing Samose to their customers and recommends it highly. They give the best proof of their belief that Samose will do all that is claimed for it by offering to refund the money if it fails to increase the weight and restore good health.

CARNIVAL IN NOVEMBER

Aldermen Grant Permission to Red Men to Hold Street Fair on Taft Week—Appropriation Account Taft's Visit.

At a special meeting of the Board of Aldermen last night an appropriation of $2,000 was made for making necessary provisions for the large number of visitors expected here on Taft Day; granted permission to the Red Men to hold a carnival the week of President Taft's visit; made an appropriation of $100 to defray the expenses of the Mayor and a member of the board to the reunion of the Blue and Gray in Utica, N. Y., and transacted several other matters of minor importance.

The Board was called to order at 8 o'clock by Mayor Walter G. MacRae, who presided, with Aldermen Bonitz, West, Yopp, Fales, Willard, Ellis and Hinton in attendance. Alderman Bonitz brought up the matter of the proposed visit of President Taft and stated that it would be necessary for the city to make some special preparations for the comfort and convenience of the large number of visitors who will be here and asked that an appropriation of $2,000 be made for this purpose. The appropriation was made and the Mayor directed to name a committee to expend the money judiciously.

Eyota Tribe, No. 5, Improved Order Red Men, through Julius Sternberger, sachem, and F. T. Skipper, chief of records, sent to the board a communication asking the privilege of holding a street fair and carnival on November 8th to 13th, inclusive, without being required to pay a tax. Accompanying the communication was a petition from the business houses in the vicinity of Front, Market and Second streets, asking that the request of the Red Men be granted. The petition was signed by all except five of the business men in the territory described. A petition was also presented from the Wilmington Retail Merchants' Association, asking that no carnival be permitted here unless the regular tax is paid. Alderman West, who is a member of the Red Men carnival committee, spoke in favor of the request. He said that the Red Men had purchased a cemetery lot and they desired to pay some on it from the net proceeds of the carnival. He cited the fact that when the President visited Charlotte some time ago there were three carnivals in that city. Alderman Fales said he was opposed to carnivals and he thought he expressed the sentiment of the majority of the business men. After some further discussion the request was granted with only one dissenting vote, Alderman Fales. The carnival will be held on Second street, between Princess and Dock streets.

Alderman Hinton, chairman of the Water and Sewerage Committee, stated that he had received the report of the engineers regarding the sewerage system. City Attorney McClammy said that the matter should be considered at joint meeting of the Board of Aldermen and Board of Audit and Finance. On motion the Mayor was requested to call a joint meeting of the two boards to be held at 8 o'clock tonight.

A communication was read from the George Davis Monument Committee asking that the George Davis monument be erected on the southwest corner of the City Hall lot. The request was granted, but a committee, composed of Aldermen Hinton, Bonitz and Willard, was named to inform the monument committee that it would be necessary to make some changes on the city plot on account of the removal of the police department to the basement. Alderman Bonitz suggested that Third and Market streets would be a suitable place for tne monument.

Mayor MacRae read an invitation received from Mayor Thomas Wheeler, of Utica, N. Y., cordially inviting the Mayor and members of the aldermanic body to attend the reunion of the Blue and Gray in Utica, September 7th, 8th and 9th. On motion the board made an appropriation of $100 to pay the expenses of the Mayor and an Alderman to attend the reunion.

City Clerk and Treasurer Fowler was instructed to notify Mr. H. J. Bierman to pave the sidewalk in front of his property at 412 North Third street. A bill for $195 from City Attorney McClammy was approved with the understanding that hereafter he is not to appear in the Recorder's court as a prosecutor for the city unless asked to do so by the Mayor.

CLAIM RECEIPTS WERE RAISED.

Contractor Sues Mattie Allen for Alleged Balance on Contract.

In Justice Harriss' court late yesterday afternoon an interesting civil action, entitled W. T. Bradshaw against Mattie Allen, was heard. The action was brought by the plaintiff for $104, alleged to be balance due on a house erected for the deefndant on Chesnut street, between 10tth and 11th streets. The defendant contended that she had paid the entire contract price and introduced her receipts in evidence. Mr. Bradshaw acknowledged his signature to the receipts, but claimed that they had been altered after he signed them. Justice Harriss will have an expert to pass upon the receipts, after which he will render his decision. Hon. John D. Bellamy appeared for the plaintiff and W. P. Gafford, Esq., for the defendant.

Death of Miss Adelaide DeRosset.

The sad intelligence of the death of Miss Adelaide Meares DeRosset, daughter of the late Dr. M. J. DeRosset, which occured at her home in Orange, N. J., was received by her relatives and friends with much regret. Miss DeRosset had resided in Orange for some time. Her brothers and sisters live in New York and are: Messrs. Armond DeRosset, Graham Daves DeRosset and Emmett DeRosset, and Mrs. McClean Parker and Mrs. James Parker. The deceased was about 40 years old. Her relatives in Wilmington are the DeRosset and Meares families.

Magnificent Showings —OF— Fall Silks

Enchantingly Pretty Weaves, Radiant With Autumnal Colorings

Beautiful as the mountain side when the Autumn sun shines on the trees and grasses of dull brown, green and gold, are the new silks for the coming season.

Rich messalines, taffetas and rough effects and every weave which Fashion has declared worth while is here at a tempting price. Silks which are correct in every detail.

There is a lot of humbuggery about silks. Many a beautiful sheen conceals a coating of lead, to give weight, which causes the fabric to cut with very little wear.

When you buy our silks you buy absolutely the best quality to be had. That is why among women of this vicinity our silks have such a recognized standard.

Choose the silks for the new dress from among these enticing values.

Extra Interest will Center in these $1.25 Messaline Silks, this week at $1.00.

Full yard wide in all the new shades. Exceptionally good value to start the season.

Trimmings to match are also here.

These consist of braids and Persian net bands. You'll like the quality.

THE RECORDER'S COURT.

Negro Convicted of Larceny of Bicycle—Other Cases.

The Recorder held a rather long but uninteresting session of his court yesterday morning. The principal case was the one in which Walter James, colored, was charged with the larceny of a bicycle from E. Wright and the property of the Wilmington Steam Laundry. The defendant was represented by Wm. J. Bellamy, Esq. The bicycle was found Wednesday afternoon on Market street in the possession of the negro. The Recorder found him guilty and sentenced him to six months on the county roads. An appeal to the Superior court was taken and in default of $100 bond the negro went to jail.

Rosa Myers, colored, was found not guilty of an assault with deadly weapon upon Willie Pridgen, colored. She was tried in Justice Bornemann's court yesterday morning and found guilty of a simple assault and was taxed with costs. The prosecutor then went to Justice Harriss and swore out a warrant charging assault with deadly weapon. The justice found probable cause and bound the defendant over to the Recorder's court, but the evidence was not sufficient to convict. L. Clayton Grant, Esq., appeared for the woman before the Recorder.

John Doe, alias William Ratley, and Richard Onslow, colored, were tried on the charge of throwing rocks at William Lloyd in his house on Princess street, between 10th and 11th, Saturday night, and the hearing consumed considerable time of the court. The cases were sent up from Justice Sykes' court, the preliminary hearing taking place before him yesterday morning. Chas. Brinkley, colored, was one of the defendants at the trial before the justice. He was found not guilty. Geo. L. Peschau, Esq., represented him. Hon. John D. Bellamy appeared for Lloyd and W. P. Gafford, Esq., for Ratley and Onslow. The Recorder found Ratley and Onslow guilty of assault with deadly weapon and fined them $10 each and taxed them with the costs.

Fishermen Await Northeast Wind.

The variable winds during the past few days have caused very small catches of mullets at the various sounds and the fishermen anxiously await a strong northeast breeze, which will make the mullets run lively from the inlets and creeks in the northeastern part of the State. With favorable winds the fishermen expected the large school that was off Beaufort the first of the week, but so far very few have been caught.

MARSHALS ON TAFT DAY.

One Will Be Selected From Each County in the tSate.

The various committees named Tuesday afternoon to make the detail arrangements for Taft Day are now considering the various features of the programme and important meetings will very likely be held within the next few days. It will neecssarily take considerable time to work out all the details of the big event and the considerable time to work out all the details of the big event and the committees will begin early in order that they will not be rushed.

A feature of the Taft Day programme overlooked in the rush in getting up the story of the meetings of the committee Tuesday afternoon is the plan to have a chief marshal with aides selected, one from each county in the State. The marshals will be named within the next few weeks and it is hoped that a majority of them will find it convenient to be present on the occasion.

"BIG CHIEF" THORPE NABBED.

Locked Up in Raleigh After Scrimmage With the Police.

Raleigh, N. C., Aug. 26.—Late last night Pitcher Thorpe, of the Rocky Mount baseball team, was locked up in the police station after a struggle with the police that gave three of the biggest men on the force all they could handle in their ultimately successful effort to take their prisoner to the lock-up. He had lingered too long around a near-beer shop and had a drunken scrap with Ogara, of the Rocky Mount team. It was for this that he was arrested. He had to be hand-cuffed and dragged bodily to the station. A little later Ogara made himself disorderly by shouting through the prison grating to Thorpe and he was locked up. The team was to leave on an early morning train for their next series and Police Justice Stronach was pulled out of bed and induced to name a nominal fine under which the two players could be released. Thorpe is quite an athlete. He is a Carlisle Indian and was on the Indian foot ball team that played Carolina.

Following the difficult arrest of Thorpe, Rowe, of the Raleigh team, raised a disorderly protest against the arrest of the Indian. He demanded admission to the police station and persisted in calling to Thorpe through the grating from the sidewalk along by the municipal building, the prison being in the basement. He went up Fayetteville street kicking over all the trash and ash cans along the curb. Finally he was taken up by officers and locked in with his friend. His release followed along with others in the early morning that he might accompany the team to Wilmington.

'Twas A Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. THE "OLD SOUTH" AT LUMINA

Daughters of Confederacy Entertainment Will Be Given Tonight—Delightful Programme is Announced for the Evening.

Tonight at 8:40 o'clock Lumina will be transformed into the atmosphere of the old South. Miss Louise A. Williams, the young Georgian, who has appeared on many Chautauqua and opera platforms, before large and appreciative audiences, in her dialect stories of the old-time darkies, will give a repertoire of humorous anecdotes and historical plantation stories.

During the evening a number of Southern songs will be introduced interspersing Miss Williams' stories. The evening will be opened by a medley of Southern airs by the Lumina orchestra. In part two of the programme preceding a rare story to be rendered by Miss Williams, Mrs. Annie DeRosset Harriss will sing "Annie Laurie." It will be followed by the unfurling of the tattered battle flag of the Third North Carolina Regiment, and a battle song, "Sing Me a Song of the Sunny South," Mr. H. K. Holden.

The glass windows on the ocean side will be closed and on this occasion chairs in which the audience will be seated will occupy the ball room floor. The beautiful decorations for the flag dance last night will form the decorative scene of the event tonight and will attractively add to the entertainment. Sufficient ventilation will be obtained from the entire opening of the west side and end windows. A platform will be erected on the ball room floor.

Under the conditions acoustic properties have been tested and found perfect. No admission fee will be charged and a large audience will doubtless fill the Lumina ball room as the occasion is for the benefit of defraying expenses for the Cape Fear Chapter U. D. C., arranging entertainment for the State convention of U. D. C., in October.

Immediately following tonight's programme Mr. Paul Cantwell will lead in a cotillion. The programme is of an hour's length as follows:

Part I.

Plantation Melodies," Lumina Orchestra.

(2) Humorus anecdotes of old time darkies. (a) How Uncle New Lost His Fortune. (b) "The Fall of the Roman Empire." (c) "Hit Was Lize Ann!" (d) "Mandy's Weddin'," by Miss Louise A. Williams.

(3) 'Southern Medley,' Fenley Boys.

(4) "Walkin' Egypt," (camp meeting darkey ceremony)., Miss Williams.

Part II.

(5) "Annie Laurie," Mrs. Annie DeRosset Harriss.

(6) Reading, "Looking For Marse Willie," M. S. Gielow, by Miss Williams.

(7) Unfurling of old battle flag of the Third North Carolina Regiment.

Dixie, Emmett, by Lumina Orchestra.

(8) "Sing Me a Song of the Sunny South," Nothm. by Mr. H. K. Holden.

(9) Story. "The Old South and the New South," Miss Williams.

(10) "My Old Kentucky Home Goodnight," Lumina Orchestra.

Mr. Alfred H. Yopp will be accompanist for the singers.

THE NEW COTTON SEASON

Prospects For Handling Staple at Local Port—The Season's Record.

With good reports from the cotton sections throughout North and South Carolina some interest is being taken in the marketing of the staple, beginning with the first of September, when the new cotton season begins. Prospects are favorable for heavy receipts at the local port, even larger than several years past, so it is expected.

The surrounding counties of Duplin, Pender, Columbus, and Bladen, according to the fine reports which have been previously given, will swell the receipts. A bale of new cotton, the first of the season, was received here yesterday from Loris, S. C.

The British steamer Putney Bridge, which has already arrived will receive her cargo earlier than the first steamer last year, it is expected. This steamer has been making annual trips to this port.

In connection with the close of the present season it will be of some interest to know that the receipts and exports of the staple this year show a material decrease and up to date are 412,039 bales against 481,981 bales for the previous season, with exports of 403,093 against 493,938 bales. During the past few days the receipts have been so small at the local port that no quotations have been given.

Pictures of Ball Team.

An excellent picture of the Wilmington baseball team was taken in a group on the baseball grounds yesterday afternoon and is being shown nightly this week at the Bijou, on Frant street. The picture is a good one and created much interest among the fans and fannies at the Bijou last night.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interefered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Robert R Bellamy.

GOVERNMENT "FELL DOWN"

No Evidence Adduced Yesterday to Show that Mr. Moore is Guilty of Selling Whiskey—Case is Continued for Witness.

At the hearing before United States Commissioners George Harriss at 3 o'clock yesterday afternoon the Government failed utterly to make out a case against Mr. W. J. Moore, proprietor of Tarrymore Hotel, Wrightsville Beach, who was arrested Wednesday on the charge of selling whiskey in violation of the internal revenue laws, and a continuance was taken until Monday in the hope that in the interim that Mr. Wm. R. Hall, a very material witness can be had to testify.

Mr. Hall was formerly a clerk in the near-beer saloon run in connection with the hotel and it would appear that it was his testimony upon which the Government mainly depended in making out a case against Mr. Moore. Mr. Hall is said to have been in the Commissioner's office a few minutes before the time set for the trial, but when he was called as a witness he was not present, and a fine of $50 was entered against him.

Four prominent citizens whose names appeared on the warrant as witnesses, were examined without the adduction of a scintilla of evidence to show that any whiskey had been sold at the Tarrymoore Hotel in the last two months, with or without the consent of the proprietor. Those placed on the stand were Messrs. C. D. Maffitt, Don VanDuzen, D. T. Cronly and Lawrence P. Wood. The testimony of the witnesses was practically the same and was to the effect that they had not purchased any whiskey at the Tarrymore ,or seen any one else buy any. Some of the witnesses testified that they drank some whiskey in the hotel in rooms of guests of the hotel, but where the whiskey came from they could not say. There were two other citizens who had been summoned as witnesses, but they were not put on the stand. It is understood that their testimony would have been about the same as that given by those who were examined.

There is much speculation as to "how come" the warrant to be issued against Mr. Moore and a great many people have drawn their own conclusions.

When Mr. Wood had been examined Commissioner Harriss announced that he would continue the hearing until next Monday afternoon with the hope that Mr. Hall would be foud in the meantime. In case he cannot be found the case against Mr. Moore will be dismissed. If he is located before Monday the case will be disposed of prior to the time set, according to the statement of the Commissioner at the close of the hearing. The bond of $500 given Wednesday was allowed to stand.

The general opinion about the city seems to be that the Government will fail in its effort to make out a case and that the defendant will be released within a few days.

It was suggested yesterday afternoon that Mr. Hall probably left because he was afraid that if he gave testimony tending to substantiate the case against Mr. Moore he would himself be liable for indictment in the State courts for violating the prohibition law. It is said that under the United States laws he would not be guilty even if he sold whiskey at the hotel.

Mr. Moore was represented by Hon. John D. Bellamy and Wm. J. Bellamy, Esq., but neither one of the attorneys deemed it necessary to ask the witnesses a single question.

DENIED BIG RAILROAD DEAL

Harriman Has Not Purcased the Pan-American System as Reported.

(By Wire to The Morning Star.)

Mexico City, Aug. 26.—Ambassador David E. Thompson emphatically denied tonight the report that he had purchased the Pan-American railroad for $10,000,000 acting as agent for E. H. Harriman.

He declared that he was in no way connected with Mr. Harriman and he had not purchased any railroad.

He admitted, however, that he had been trying to purchase the road but that he would own it himself if successful. If the deal which is pending should go through Ambassador Thompson will own $9,600,000 worth of stock.

The Pan-American railroad extends from Sangeronimo, a branch station on the Tehuantepec National railroad to Tapachula, a town on the Guatemalan border. It is owned by an American company. An extension is to be built through Guatemala and it has been rumored that the line is some day to be purchased by Harriman as a link in his great Pan-American project which is to extend from New York via San Francisco to Colon.

OFFER BIG PURSE FOR FIGHT

Monroe Wants Jeffries-Johnson Fight to Take Place in Canada.

(By Wire to The Morning Star.)

New York, Aug. 26.—Jack Monroe, former heavy-weight prize fighter and now mayor of Elk City, Ont., telegraphed today to Robert Edgren, a local sporting writer, that the Elk City Athletic Club had offered a purse of $100,000 for the Jeffries-Johnson fight to take place in Canada one year from date. Monroe does not state the exact location of the battle ground, but says it is less than 36 hours from Chicago, New York and other eastern cities.

After his quick defeat by Jeffries several years ago Munroe returned to mining and is said to own large silver claims at Elk City, Ont. During a recent visit to New York Munroe intimated that miners at Elk City would be glad to bid for a fight between Jeffries and Johnson.

Post Series Games.

Greensboro, N. C., Aug. 26.—R. H. Gwaltney, manager of the Wilmington Baseball Club, arranged here today for a post season series between Greensboro, champions of the Carolina Association, and Wilmington, last year's pennant winners of the Eastern Carolina League. The series will consist of seven games to be played three in Greensboro Monday, Tuesday and Wednesday, and four in Wilmington, Thursday, Friday and Saturday of next week, should the fourth become necessary to break the tie. Arrangements have also been completed for a big excursion from Greensboro to Wilmington and Wrightsville, leaving Thursday morning, returning Friday night.

New Pitcher at Rocky Mount.

Rocky Mount, N. C., Aug. 26.—An even break between the tailenders and the leaders resulted this afternoon. In the first contest Pitcher Craig was the bright star when with two down in the fifth and the score tied, he hit the ball over rightfield fence for a home run, scoring one runner on base, and this gave the crew a lead which the Tobacconists could not overcome. Score:

Rock Mount	003	210	00x—6 12 2
Wilson	120	000	100—4 10 3

Craig and Walsh; Ferrall, Schuman and Bird; umpire McLaughlin; time 1:45; attendance 1,000.

In the second game the same pitching staff opposed and while Craig yielded the larger number of hits there were several of them infield ones which were not quickly handled and as for long hits he had the odds on his opponent. Score:

Rocky Mount	000	000	000—0 5 3
Wilson	10.	000	000—2 7 0

Craig and Walsh; Schuman and Miller; time 1:40; attendance 1,200; umpire McLaughlin.

Tied Up in Fayetteville.

Fayetteville, N. C., Aug. 26.—Fayetteville took the first game of a doubleheader with Goldsboro, score 4 to 1, and tied the second 1 to 1. The trying run in the last game was scored after two were out in the ninth by Dobson's single and stolen base and Stubbe's error. The game was called on account of darkness with one out in the tenth inning. Stohr allowed but four hits in this game, while Hallman who replaced Kull, allowed but two widely separated hits, one very scratchy, in seven innings. Kull and Barry were opposed in the first game. Kull was rather wild, but allowed only five hits and won handily. The locals bunched four of their seven hits in one inning which with two hits and two errors in the third gave them the game. Score:

Goldsboro	000	100	000—1 5 3
Fayetteville	002	002	00x—4 7 1

Barry and Francis; Kull and Galvin, umpires McKernan and Otis; attendance 500.

Second Game:

Goldsboro	100	000	000—1 5 3
Fayetteville	000	000	001—1 4 5

Stoehr and Fulton; Hallman and Galvin.

Today's tie and a former one are to be played off in doubleheaders tomorrow and Saturday.

"LINGUISTIC LAMENTATIONS"

Bumped!

Gloom on tap.

"Dreaming; Dreaming—"

Please don't go and 'rouse me.

Good Bye; We're off for Guessville.

Oh! You Rocky Mount!—one time!

"Wai-tah! Meander this-ward with the cracked ice!"

And as Brandon smiled, so smiled the whole litter of Birdies.

An on and off game—mostly off, with the Sailors starring.

got it where Katie wore the beads.

In the first game, the Tobacconists "Fare Ye Well," Aspirations, "And if forever; still forever, Fare Ye Well!"

The Birdies are aware 'twas Bobbles, and not Brandon, that spelt our defeat.

It was Down Home Day at the local lot, with two Rubes pitted against each other.

Maybe you wouldn't designate that a Solar P. to get all in one ordinary-sized afternoon.

Rube pitched a good game, and 'twas hard to present it to the visitors through frayed work of the decayed variety.

Orie Brodie toured away over into his neighbor's territory to yank down a blooming hummer, for which said Oriole was remuneratively rewarded.

Brandon, with head bared, and dominoes exposed in that habitual smile, uncoiled some contortionate curves that were cork-screwish in their conception and completion.

Looks like the League Directors didn't consider the evidence sufficient to warrant even the slightest action against Rocky Mount on account of charges alleged. There was too much hearsay, and too much four-flushing, without any definite proof. Ta, Ta, Wilson.

Since time immemorial there's been a lot of dope current about castles in the air. Being such a classic architect in the ozone chateau line ourselves, we never construct anything less than sky-scrapers, and had piped up a beautiful heading—"Panegyrical Prose"—for this morning's notes. Alas! Such a thing would have been labeled ironclad.

Brennan's failure to flag a skimmer, Rube's overlooking the fact Guerrant wasn't wearing asbestos gloves when he scorched him a fielded bunt, Guerrant's difficulty in locating the pietin on a throw to the marble, and Smith's tiddledy-winking the globule on a swat to right, is very probably what wins the pennant for the Tobacconists.

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, billiousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by R. R. Bellamy.

SPIRITS TURPENTINE

—Hickory, Aug. 25.—Blowing Rock, up in the mountains, about 40 miles northwest of here, had its first frost of the season Monday morning. The temperature here was down to 50 degrees that morning, but the first frost is not due until early in October, according to the Katy-did signs, which all old-timers swear by.

—Wadesboro, Aug. 25.—The attention of the Carnegie Hero Commission has been called to the case of Frank Forest, the negro man who rescued Col. H. C. Meyers at Blalock's ferry several weeks ago. It is hoped to secure a medal for Forest, who risked his life for others and succeeded in saving two on that occasion.

—Washington, N. C., Aug. 25.—A party of capitalists from Ohio and Indiana brought here through the Kerr Real Estate Agency have been in this city and county for the past few days looking over the farming lands with a view to locating here. They all express themselves very favorably with regard to the land and general conditions i nthis vicinity.

—Wadesboro, Aug. 25.—Mr. and Mrs. James Leonard, of Lane's Creek township, were married in December, 1842, and having been living together almost 67 years. Mr. Leonard is 89 years old and hale and hearty. Mrs. Leonard is 84 and is not able to get around very much on account of a stroke of paralysis several years ago. Mrs. Leonard is a sister of W. D. Webb, of Wadesboro.

—Hamlet, Aug. 25.—Halbert Stewart, a young man about 18 years of age, was accidentally shot and painfully but not seriously injured Sunday night. The accident occurred in the cab of Conductor F. B. Hall, of the Seaboard, while the revolver was in his coat pocket. It is supposed the hammer of the gun became entangled in the lining of the pocket and was discharged. The bullet took effect on the shoulder of Mr. Stewart.

—Hamlet, Aug. 25.—Mrs. G. C. Brown died very suddenly here some time Monday night. The case is a very pitiable one, as she was the mother of several small children, one of which is only five months old. The first that was known of her death was when the children tried to awake her yesterday morning and she failed to respond to their calls. It did not dawn upon them that she was dead for some time and they resorted to various means to arouse her. The father works at night and knew nothing of the sad affair until he reached his home after getting off from his work.

—Durham, Aug. 25.—The eastbound passenger train between Asheville and Goldsboro was delayed five hours this evening, owing to a wreck of a freight headed towards Goldsboro near Gibsonville this afternoon. Eighteen cars piled themselves in pairs along the track, the wreck being caused by broken trucks. Barrels of flour were scattered by the way and the track was badly torn up. One brakeman, whose name was not learned, was bruised badly and traffic is impossible. The westbound train backed to University and changed, the eastbound returning to Greensboro.

—Raleigh News and Observer, Aug. 25: Mr. T. M. Robertson, of the Department of Commerce anl Labor, was in Raleigh yesterday in connection with an investigation of cotton exchanges now being conducted by the Bureau of Corporations. It will be recalled that about a year ago Commissioner Smith published a very comprehensive and exhaustive report covering the methods of future trading emploed on the cotton exchanges of the country. Following the publication of this report the exchanges at both New York and New Orleans revised their rules and corrected some of the abuses pointed out by Mr. Smith. Mr. Robertson left last night for Goldsboro.

—Marion, Aug. 25.—One of the most unsual crimes which has occurred in this territory in the past few years was brought to ligh today when well-diggers who were cleaning out an old well near the station found the body of a negro baby which had probably been in the well about six weeks. As the result of the find Hattie Conley, colred, has been arrested an dis now in jail. The baby had probably been choked to death before being thrown in the well. Around its neck was a stocking drawn so tight as to nearly sever the head after decomposition had set in. The Conley woman disappeared several weeks ago, but last Sunday she was seen at Glen Alpine and upon learning this information Chief of Police Finley left town immediately after the finding of the baby as the woman was then suspected.

—Asheville, Aug. 25.—Mrs. Claudia Garren, a white woman and cook for Mrs. Phinney, of Jacksonville, who is ocupying Dr. S. Westray Battle's gungalow on Beaucatcher Mountain, about two miles from the city, mysteriously disappeared during last night, and although the mountain has been carefully searched by officers today all efforts to locate her tonight have failed. Her husband, Lonnie Garren, also lived on the mountain in a cottage near the bungalow with Mrs. Phinney. The woman left her husband's cottage about 9:30 last night and was heard to retire by persons in the bungalow, but she failed to show up this morning to cook breakfast, and becoming alarmed ,search was instituted. She had retired for the night, as shown by her bed, but had evidently left during the night. Whether she has gone off with some one else, or has met with foul play is not known. Garren and his wife have been caretakers of Dr. Battle's place for several years.

The Seaboard Tour

Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, Down Lake George and Champlain and Four Days in New York City, at Very Attractive Rates.

Leaves September 1st—Personally Conducted by Mr. C. H. Gattis.

The SEABOARD announces their second ANNUAL TOUR, personally conducted, by C. H. Gattis, District Passenger Agent, chaperoned by Mrs. C. H. Gattis, same being under their personal supervision, through the North and Canada, taking in all the principal and most attractive Resorts in the East, leaving Raleigh September 1st, via Portsmouth—Norfolk, Old Point Comfort, up the historic Potomac to Washington, thence through Baltimore, Philadelphia and the scenic Lehigh valley to Niagara Falls, Toronto, taking in the Grand Toronto Exhibition, through the Thousand Islands, down the St. Lawrence River to Montreal and Quebec, returning via Lake George and Lake Champlain through Saratoga and Albany to New York, where four days will be spent.

The cost of the trip will include railroad, steamship and Pullman fares, transfers hotel accommodations, side trips, etc., as shown in itinerary—in fact will include practically every necessary expense with the exception of a few meals en route and while in New York city, and is made at the lowest possible amount.

This route has been selected after the most careful consideration, giving the best advantage for sight-seeing at most interesting points. Sufficient length of time will be spent at all stop-over points for sight-seeing and all arrangements made for the pleasure and comfort of the party.

C. H. Gattis, District Passenger Agent, will devote his entire time to the party and will look after all necessary details, etc., for the comfort and pleasure of all, and this is assured as the Seaboard has had considerable experience in handling these tours, as any one who has been with them in the past will be glad to tell you.

Mr. and Mrs. Gattis will be assisted by Mr. and Mrs. James Ker, Jr., of Charlotte, N. C.

For itinerary of tour write at once to the undersigned and those who desire descriptive literature relative to route over which party will travel, etc., will be forwarded same upon receipt of request with 25 cents in postage to cover mailing of same.

The party is fast filling up and those desiring to join should make reservation without delay.

Attractive Variable Route—Excursion Fares by the ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Aug. 26.—Early advances in the cotton market today were followed by reactions, the close being at practically the lowest and barely steady at a net decline of 6 to 13 points.

The opening was steady at an advance of 2 to 3 points and after a little irregularity, the market sold up to a net gain of 4 to 5 points with December contracts touching 12.45, the highest level they have reached since that position sold at 12.04 last Saturday. This improvement reflected the steadiness of the Liverpool market, encouraging reports regarding foreign trade, claims that new crop cotton for forward shipment from the South was only obtainable above New York contract parity, and further private reports claiming recent deterioration in the eastern belt. Liverpool was a moderate buyer here, there was some demand from the South, covering by local shorts and a little demand from commission houses on the advance. Preliminary crop reports on Georgia and Alabama by a prominent authority indicated that conditions had been maintained during the month, but while this disappointed local bulls it was offset by the private reports of more recent damage during early trading and the break after midday was due to weakness in Wall street, reports of hedge selling against the progressive movement, the larger estimate for tomorrow's receipts at Galveston and reports that the gulf storm might bring rains where needed in the southern part of the belt. Early buyers seemed to be liquidating on the decline and while the Southern spot markets officially reported early were net unchanged to 1-8c high, there was evidently continued uneasiness regarding the ability of the market to absorb the early movement above the 12 cent level.

Receipts at the ports today 7,133 bales against 3,346 bales last week and 10,011 bales last year; for the week 30,000 bales against 14,397 last week and 71,498 last year. Today's receipts at New Orleans 75 bales against 10 last week and 548 last year, and at Houston 4,583 against 1,833 last week and 6,211 last year.

Spot cotton closed quiet; middling uplands 12.85; middling gulf 13.10; sales today 700 bales. Futures opened steady and closed barely steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 26.—The dry goods markets were somewhat more active today. Japan raw silk is easier. The lining trade is generally quiet. Yarns hold steady. Cotton goods of the finer qualities are more active.

NAVAL STORES.

(By Wire to The Morning Star.)

New York, Aug. 26.—Another period of stress and storm was experienced by the stock market today. On very heavy liquidation prices reacted from 3 to over 7 1-2 points, the greatest losses being again made by the Harriman stocks and their affiliated issues.

Sentiment had become more bearish over night and the board room had a fresh supply of ammunition in the way of pessimistic rumors concerning the condition of Mr. Harriman.

A very large part of the day's business was in Union Pacific, that stock for all practical purposes dominating the situation throughout.

The history of the day may be summed up in a series of declines with an occasional fitful rally, which seemed to spend its energy at the first signs of another bear attack.

General news of the day bearing upon the stock market was distinctly favorable. The reecnt rains in the corn belt were of great benefit to that section and other crop news was in line with the encouraging reports recently received.

From leading industrial centers came advices of even greater activity. Many of the large steel mills are having great difficulty in meeting the heavy demands of consumers. Another heavy increase in copper exports was reported.

Bonds were weaek with severe losses and large transactions in the speculative issues. Total sales par value amounted to $6,017,000. Government bonds were steady. Total sales stocks today weer 1,270,100 shares.

BASE BALL

National League.

New York, Aug. 26.—Pittsburg tightened its grasp on first place today by defeating New York 6 to 3, while Philadelphia was beating Chicago. The visitors were behind until the seventh inning and after they had tied the score on hits by Abstein and Wilson and errors by Merkle and Doyle, Leach made a home run, Byrne scoring ahead of him. These two runs sufficed to beat New York. Adams who relievev Leifield after the sixth did not allow a hit. The Pittsburg club will be joined this week by Pitchers Moore, of Dallas, and Luycestor, of Hartford.

New York .. ...010 020 000—3 5 4

Liefield, Adams and Gibson; Ames and Schlei. Time 1:49. Umpires Emslie and O'Day.

Philadelphia, Aug. 26.—Philadelphia defeated Chicago today in a hard hitting ten inning game, 8 to 7. Sheckard was put off the game for disputing a called strike and Knabe was ordered from Philadelphia's bench for too much talking.

Philadelphia ..001 310 020 1—8 17 1
Chicago .. ...200 020 210 0—7 11 2

Moore, McQuillan and Dooin; Reulbach and Archer. Time 2:07. Umpires Kane and Klem.

Boston, Aug. 26.—Boston won another heavy contest from St. Louis today ten to eight. Errors gave St. Louis four runs in the seventh inning and the local got three runs in their half on bunched hits and errors. More hard hitting in the eighth decided the game.

Fast Game at Wallace.

Wallace, N. C., Aug. 26.—On the local diamond today Wallace defeated Warsaw in an interesting game by the score of 11 to 2 before a large crowd, the features of the game having been the pitching of Dorsett for Wallace, who was very effective in the pinches; the batting of the entire Wallace outfit and the willow work of H. Hicks for the visiting team, he having been credited with one double and several singles. Abbington, for Wallace, also garnered one of the hits for an extra base. The game was very satisfactorily umpired by Mr. J. H. Newbury, of Magnolia. The teams lined up as follows:

Warsaw.		Wallace.
Lowder	ss	Hussey
Bray	2b	Williams, M.
Hicks, H.	cf	Williams, P.
Clifton	c.	Stevenson
Best	3b	Wallace
Morrissey	1b	Brinkley
Dawson	lf.	Abbington
Bains	p.	Dorsett
Cox	rf.	Ward

Score by Innings.

Warsaw .....011 000 000—2 6 7
Wallace .....040 321 100—11 13 4

Hicks and Best were the only members of the visiting team who could cross the rubber while Brinkley made four of the runs for the locals, Williams, M., and Abbington, two each, and one each for Wallace, Williams, P., and Ward.

SENSATIONAL PEONAGE CHARGE.

Hungarian Makes Good Witness in Trial Steel Company Officials.

(By Wire to the Morning Star.)

Pittsburg, Aug. 26.—The first testimony offered in the Federal Government investigation into the charges of peonage against officials of the Pressed Steel Car Company, in Schoenville, whose 3,500 employes are on strike in which it was alleged force was used to compel imported workingmen to work, developed late today. The pressed Steel Company's attorney attempted to hold the men who testified that he was made to work against his will, but this was prevented by the Austro-Hungarian consular attorney and the assistant Federal district attorney.

All testimony was taken today in the form of affidavits of the first dozen witnesses called, little information upon which to base peonage charges was elicited, the witnesses for the greater part declaring that their food had been bad and their treatment rough, but citing no definite persons as being responsible.

Alexander Friedman, a Hungarian of New York, was the witness who made the sensational charges of the day. He said he was brought here fifteen days ago from New York and alleges they were brought under false impressions. He said the workmen were given to understand there was no strike at the works of the Pressed Steel Car Company. He said he was in the plant before he learned of the strike. Friedman alleges that the car company picked out the strongest looking imported workmen and made guards of them. He testified these guards handled the men in a rough manner.

DIDN'T CALL MRS. BEAN A DEVIL

Jury Agrees That It Would Have Been All Right.

(By Wire to the Morning Star.)

Atlanta, Ga., Aug. 26.—A jury in the Superior court here today decided that the Rev. J. C. Atkinson, of Jonesboro, did not call Mrs. Sadie A. Bean a "devil incarnate" or that if he did it was all right. Neither side knows what the Jonesboro Methodist church in the suit for $20,000 libel brought by Mrs. Bean.

It was last September that the Rev. Mr. Atkinson preached a sermon on those who sowed dissensions in the church an termed them "devils incarnate." Mrs. Bean, a member of the flock, thought the pastor referred to her and filed the suit. The pastor denied that he referred to her particularly but he frankly averred that he considered her a very disturbing element.

SOUTH CAROLINA ELECTION

Held Up by Board of Canvassers at Columbia, S. C.

(By Wire to the Morning Star.)

Columbia, S. C., Aug. 26.—The result of the dispensary election in 21 of the 42 counties of the State which caused all but six counties to go dry is held up temporarily by the State Board of Canvassers until it is decided whether or not the board her the right to pass upon the constitutionality of the act.

Today the point was made that the board has the right to decide whether or not the act is constitutional. Should the board decide that the act is unconstitutional he election will be void unless the Supreme Court reverses the decision. Further arguments will be heard tomorrow.

GREENSBORO WINS PENNANT.

Makes the Second Consecutive Season. Plays Here Next Week.

(By Wire to the Morning Star.)

Greensboro, N. C., Aug 26.—By defeating Winston-Salem today with a score of 3 to 2 Greensboro won the pennant and the championship of the association of Carolina baseball clubs. Greensboro also won this pennant last year and Manager McKivett is receiving many congratulations tonight for his second victory.

The league season ends on Saturday, but today's game settled the matter so far as the championship is concerned. The Greensboro pennant winners will play a series of six games next week with the Wilmington club of the Eastern Carolina League.

STRIKERS SHUT DOWN MILL

Sixty-two Weavers in Maine Plant Throw 2,000 Out of Work.

(By Wire to The Morning Star.)

Saco, Maine, Aug. 26.—The cotton manufacturing plant of the York manufacturing company was shut down indefinitely today in consequence of a strike of 62 weavers yesterday. Two thousand operatives were thrown out of work.

The strikers yesterday demanded an advance of about 20 per cent. on each "cut" of woven cloth, which was refused, and today 75 more weavers quit work. Half of the weaving department of the plant was disabled and the management ordered the shut down.

MUNICIPAL LEAGUE MEETS.

Mayor Maddox Pleas for Application of Business Principles.

(By Wire to The Morning Star.)

Montreal, Aug. 26.—Robert F. Maddox, mayor of Atlanta, Ga., spoke here today before the League of American Municipalities on "Southern Municipal Problems." He pleaded for the application of business principles to municipal administration and declared that the people should elect as mayors, aldermen and counselmen none but men of intelligence, integrity and concentrated purposes.

Rainbow Upside Down.

Not very many persons have er seen an inverted rainbow, alth h the phenomenon sometimes appirs. At the Italian geodynamic observary of Rocca de Papa not long ago thdirector and a party of visitors re fortunate enough to see one. he morning was showery, and as e party looked down from an elevain of 2,300 feet they saw in the Cpagna a perfect rainbow with its cave side up, the middle point bear to the northeast. From the Eifl tower in Paris one has also been se, in this case the rainbow being dble and extending above and bel the horizon to form two concent circles nearly complete. Generally inverted rainbow is to be seen o in the mountains and then very rare. The phenomenon, of course, is de merely to the position of the observ, which must be above the refracti agent instead of below.—Pathfinder.

An Old Ash Wednesday Custom.

At one time it was on Ash Wednday the custom to appoint an offici of the English palaces to crow t hours of the day, like a cock, as a r minder of the denial of St. Peter. Th practice excited the furious indign tion of George II. His ignorance f English made it very difficult for te courtiers to explain that the roy cock crower was not making fun f him. The cock crower was a salari officer at the English court as late s 1823.

A Boy's Idea of Parsons.

Not long ago a class of boys in n elementary school had an essay s. the subject being "Clergymen."

This is what one youngster wrote "There are 3 kinds of clergymn. Bishups, recters and curats. e bishups tells the recters to work, ad the curats have to do it. A curat is a thin married man, but when he is a recter he gets fuller and can preach longer sermons and becums a god man."—London Scraps.

A Dreadful Analogy.

The hypothetical question had just been asked, and the prisoner fell forward in a faint. All was confusion in the courtroom.

"What is the matter with the prisoner?" demanded the judge, hammering his desk madly.

"Nothing, your honor," groaned the unhappy man as he came to. "I was only thinking how long I should have to serve if my sentence was as long as that."—Harper's Weekly.
